REQUEST FOR PROPOSAL (RFP)
For
Engagement of Private Operator for Faecal Sludge Emptying and Transportation Services for
Kushtia Paurashava

Kushtia Paurashava (KPS) intends to enter into an exclusive Contract with private company for providing citywide FSM services. The overall objective is to engage private sanitation sector to provide safe and affordable faecal sludge emptying and transportation services to the city dwellers in Kushtia. The specific objectives are to:

- Provide safe emptying and transportation of faecal sludge in Kushtia;
- Increase the demand for mechanical emptying service by improving access to information and raising awareness at the household and institutional level;
- Ensure safe disposal of collected faecal sludge to the treatment plant

The company will expect to expand the FSM services in Kushtia with collaboration from Kushtia Paurashava by developing effective market systems approach and suggest that they make profit from the business. This will include in particular exploration of the business environment and if require to propose PPP opportunities for improving service delivery within the FSM value chain. This is intended to create a city wide, self-sustaining sludge management system. The entire FSM value chain will only be sustainable if the private companies are considered the following:

- Demand creation
- Households can afford emptying services
- Adhering to the rules and regulations of lgis
- Safe disposal or treatment of faecal sludge

The successful company shall provide qualified and experienced personnel, supervision, transport etc. Interested companies in providing the said services are requested to visit: <http://municipality.kushtia.gov.bd/> to download the full RFP document or may contact with the address below during office hours i.e., 09:00-17:00 hrs. for further information and RFP details. The interested companies are also welcome to attend the pre-bid meeting along with visit the treatment plant site on **19 October 2020 at 10:00 hrs** local time for better understanding of the current services provided by Kushtia Paurashava.

The awarded Company will get **initially for 5 (five) years contract** with possibility of extension depending on operational needs, satisfactory performance of the Company and the conditions laid down by KPS. The contract will be awarded to the Company, who can demonstrate, through a written proposal having significant level of experience, ability and competence. KPS Authority reserves full right at its sole discretion to change the level of service requirements, whether in total or in part, depending on mission and operational requirements over the Contract duration.

The interested Companies are invited to submit **One (01) Original Proposal (Technical and Financial)** in the separate sealed envelope and must reach to below mentioned address no later than **08 November 2020 at 14:00 hrs**. The Companies are also requested to submit the full proposal (Technical and Financial) electronically to the email address: xenrabiul@gmail.com. Under the full proposal the Company have to split all the goods and services for technical description and cost separately as per the indication of Section-3 (Preparation of Proposal) in the RFP. The KPS Authority reserves the right to accept or reject any or all of the companies proposals without assigning any reasons what so ever.
